Ministry Reports

Deacons Report, Tom Sanford: They have \$950. in the treasury. They recently purchase candles with batteries, (mainly for candlelight services). There will be three new members joining on the 26th...Megan Fennell, Gabe Siebel, and Cindy Siebel. The official Member List has been gone through, and inactive members have been moved to such list.

Building & Grounds Report, Ed Clavette: Inspections have been completed and have passed. There was one snow plowing done before Christmas. Septic tanks were emptied, and one has been replaced, for the Vestry, and bathrooms. On January 8th, there was a pump inspection. It was discovered that the wrong piping had been used and needs to be replaced. This needs to be replaced by the company that installed it and done so at their cost. Outside security cameras have been researched. A decision on how many and where to place them will be decided at a later date. Handicapped rails have been installed to the “raised seat” toilet. Thank you, Tom Sanford.

Christian Education Report, Pastor Kelly: Household Huddle is continuing. The children do like taking breaks during long weekends and vacations. Behaviors are going to be addressed over the next 8 weeks, (talking during service, telephones ringing, pew “possessiveness”, etc). All current members will be continuing on for next year.

Missions Report, Cindi Barkley: Thrift shop is off to a great start in 2025, averaging \$100. a week.
